Dear Riza Tewfik Bey,

Last year you thought of sending a memorandum for the annual meeting of the Balkan Committee, but were not able to do so. I have just fixed the meeting for July 4 and I very much hope that if you are not able to come yourself, you will send me a letter which I may read to the meeting. *It will be just in time.*

Sir Edwin Pears has been telling me about you and I am delighted to hear that you are pleased with recent events. Our policy agrees with that of Sir Edwin but there is general dissatisfaction with the methods employed in Macedonia and Albania, and we wish to criticize them while remaining most friendly to the real reformers.

May 30

My dear Riza Tewfik Bey

The Adhan Committee is

preparing its next annual  
report. + I want to ask if you  
will contribute an article or  
letter giving your view of the  
value of such help in England.

This would attract much  
English sympathy + interest.

Will you, in any case, send me some reply to the criticisms expressed in this country, against the alleged failure of your Turkey & establish order & punish crime, & give liberty of association, more quickly? I think our report is a good opportunity to voice the truth in the English press. Hoping you are very well, I am sincerely,  
Yours sincerely,  
H. A. A. A.
