## TO THE ARAB COMMITTEE, ARABS, JEWS, AND THE TEN TRIBES OF ISRAEL

Gentlemen :

I have found in England four different Arab and Jew programmes for the settlement of Palestine but after seven years close attention to the subject, having visited most parts of Syria and Palestine, living amongst Arabs and Jew, often shooting over their lands, it has become apparent to me, 'a man' of world wide experience, that none of the four proposals will remove the disputes

The Royal Commissions partitioning of Palestine, as they proposed, would only greatly aggravate the present Jew Arab troubles and contentions making them a hundred times worse than at present. This is obvious for Many reasons.

Surely, Gentlemen, it is time everyone, specially you Arabs, joined up in devising some practical programme or methods of dealing with the Arab Jew Christian problem in Palestine, and put it at once before His Majesty's Government in England, so that reasons for this terrible animosity between Arabs, Jews and Christians are removed by legislation carried out. Thus enforcing the country to be governed under Gods laws with justice and security for everyone.

1. May I suggest to every Britisher, Arab, Jew, and the interested Nations, that the first necessary step in Palestine is the adoption of one official language, be it French, German or English, in which all official transactions must be carried out and thus do away with this great Palestine curse, multiplication of languages. ( Footnote A )

The Turkish law should be abolished in Palestine, and the British Common law adopted.

2. The British Government to give up the Mandate ( with the approval of the league of Nations ) and Palestine be made a Crown Colony.
3. The Jews should be given in Judea ( at its valuation price ) the same lands ( viz. the County of Judea ) as they received when Palestine was divided up by Moses and Joshua, ( 15 th chapter Joshua ), under Gods instructions, between the twelve tribes of Israel, with the addition of Footnote B.
4. The Jews to be given in Judea ( as soon as Judea has been purchased ) their own government with His Majesty's Governor at the head, in same manner as other British colonies (under the British Flag). Footnote C.
- 5A. All Jews to vacate the County of Galilee Foot note D. ) Other lands being found for those Jews vacating the Christian County of Galilee.
- 5B. Lands the Jews possess south of the County of Galilee to be occupied by Jews living on their holdings The system of Compounds, so highly objectionable to both Christian and Arabs, and Now to many of the Jew workers, should be abolished ( Footnote E.
- 5C. Jewish held land in the specially sacred Christian County of Galilee should be bought up at a fair valuation on its returns. No Communist or Christ-hater can be allowed to hold any lands therein. Christians all over the world are joining up demanding this and the reverence of sacred places.
- 5D. Israelites ( of the ten tribes ) in Norway, Sweden, Denmark, Germany Britain, America, etc. should we able to purchase land in Palestine in Israel Counties. Already many Jews are leaving Palestine.
- 6A. Palestine, as soon as the British Government consider it sufficiently fit to govern its self, be treated in the same manner as Canada, Australia and New Zealand, and given Self Government. Every Arab and other person over twenty-one would then be represented.
- 6B. No more Jew immigrants to be allowed into Palestine excepting into the Jewish State ( The County of Judea ) Footnote C.

7. Jaffa in the County of Dan to continue as it is, and its general harbour to be enlarged sufficiently ( at small cost ) to shelter trading vessels.

Jaffa as now would have access to all parts of Palestine either under or over the Judean (Strip) of land running about N. N W. connecting Tel Aviv with the County of Judea (Footnote F.

Thus, Gentlemen, there would be no necessary cause or opportunity for trouble between the two fast growing cities, Tel Aviv and Jaffa. Each could be entirely shut off from the other and both Judea and later Palestine would have their own Government.

NORTB-184-2

In placing these suggestions before you, Gentlemen, the following should be kept in mind, Zionists claim Palestine as their country, Other Jews would sanction. Some few people besides themselves living there. These selfish, impossible people have untold wealth behind them, hence the terrible situation to day in Palestine. Fortunately, all Jews are not so grasping

"The ten tribes of Israel are losing their apathy and will demand their rights in Palestine, "  
"The Lord shall inherit Judah as his portion in the Holy Land,, Zachariah 2-12

"They (Israel 12 tribes) Shall sit every man under his vine and under his figtree for the mouth of the Lord has spoken it., Micah 5 th chapter 4

### The Almighty Seth To the Nations

"And it shall come to pass that every one that is left of all the Nations, which come against Jerusalem, shall go up from year to year to worship The King, The Lord of Hosts. Zachariah, 14, 15.

The Jew cannot be everywhere in Palestine as he is now. For peace, and his own good, he will be wise to thankfully accept Judea until Christ comes in the very near future.

I have the honor to be  
Gentlemen

## ONE SENT

( with much earthly opposition and nothing to gain in this world )

### To help you all

Footnote A. France has made, in Syria, French the official language ((Copies of any transactions may be had in other languages )

Footnote B. Jerusalem might remain AS at present, by a line south of Jerusalem running from East at the Dead Sea, to the border of the County of Dan in the West, (viz an East and West boundary ) Thence the line running about NN West to the Coast North of Jaffa, thus including by a southern line, a narrow strip of the County of Dan and the town of Tel Aviv and its new harbour.

Footnote C. The Jewish Government would have the power to import into Judea what number of Jews they find the county will carry. They alone will be responsible for them.

Footnote D. Excepting those Jews in charge of the electric works below Lake Galilee. The Christian Lake Galilee to be returned everywhere to its natural and normal height and sacredness.

Footnote E. The South West Coast in the County of Dan including the town Jaffa would continue as now, with a dividing line ( strip ) between the Southern boundary of Judea and the N. W. of the County of Dan Jaffa having access to every part of Palestine.

Footnote F. Jaffa, and the division of the County of Dan is largely a matter of survey. Good common sense must be used to keep the two Nations absolutely apart.

See an ancient map for division of Palestine.

### I Kings II ch 35 ver

I will Take the Kingdom out of his ( Solomons ) Son's hand, and will give it unto thee, ( Jeroboam ) even ten Tribes. And unto his ( Solomons ) Son will I give one tribe, ( Judah ).

### Reading The Almghtys Statement

How dare Zionists or other Jews Demand Palestine as theirs.  
Rise up Israel, "Gods Chosen people,, and put Judah in her place in the County of Judea

Jews Today are Destroying Christian Palestine
