Dear Ziyad

Finally I have made a foto  
of the Sultan - Eluzziya Pen.

It has been cleaned by a gold-  
smith and is now in a strong-  
box in the cellar of a bank.

I have just come home from two  
weeks in London with my new  
girlfriend. Among other things

I saw a nice watercolor exhibition  
of Istanbul of english painters  
from 1600-1840, and there is a  
lot of islamic anticrofts from

Turkey in the auction houses  
which I imagine, that the  
"avaluyuyus" buys to enormous  
prices.

How are you in your new house?

I thank you for your salutations  
on my 50<sup>th</sup> birthday - yes I  
must be old now!

I send you a picture of  
your new daughter in law

she is a very nice girl  
and I hope you will come  
and see her one day in  
Copenhagen. I have a com-  
pletely ~~new~~ renovated apartment  
now, after they found fungus  
in the house. I have not  
lived in my apartment for  
6 months so now I am anxious  
to move back again.

I also send you a photo of  
my new daughter's house  
it is certainly very, very big,  
and the family is very, very  
boaring but never the less the  
house is full of culture and  
that is very interesting.

I send you all  
my salutations to  
you and Dóhann

David
