Dear Sir,

The Editorial Committee of the new edition of the Encyclopaedia of Islam invite you to undertake the preparation of the articles mentioned below. For the authors' fees and the various possibilities of treatment we beg to refer to the "Hints for the authors of articles". Often it seems impracticable to fix the category in advance. In such cases the Editorial Committee wish to leave to the contributors the freedom in the choice of the appropriate category.

The Committee would be grateful if you could acknowledge receipt of this letter and state if you could undertake the work.
