Perhaps you would think that I was late in writing my letter. I am sure don't know why! but it is because I am so weak in writing I cannot write as I could feel between you and your so interesting letter, which gave us a great pleasure, and more than a pleasure. We were waiting for impatiently, thinking all the time how you passed your time, how the sea was and how you found Said Bey we are very anxious to hear of his news. When I read all about I was very to hear that my dear Lisa Jim, had the sea sickness and was ^{not} able to see all the things she took with her, I talked her before she left I am sure you are not going to be able to do something, but I said that because I was thinking she will enjoy her self very much, and have no time to work. We were very touched to see that you could n't see Masif as you wanted. I was very sad because

I can feel how is a mother's feeling between her children, if I am not a mother, but now I am fine forgot every thing, & even her self out of Aman, and having her work so easily done.

I say please and not to hear you are going to have another four months, it is too much for us we would like to have coming back soon. - - But please, let me know are you going to stay for a long in America? I don't want to let myself feel that you are going to We are waiting for you to have you again in our house, don't let us miss you for always, as we want to have these delicious days again I think they were the nicest time, time the days we passed together.

It is a pity to Jerusalem to Palestine to lose the chance of having so respectable Man like you I can not say more but I could say that my words are like a small ship in the middle of a big Ocean, between you highness, The word you said for Abdul-Hak-Hamid, this word must me talked for you, you are the Louvre, and my words are less than a match but a small thin the dry leaf, turned from the top.

Nothing knew in Jerusalem, only since two three -
weeks we began to have rain, but very good rain if
it will continue like this it will be very good, if
you see the peasants they are full of joy; On the 6th
Dec. we had the arrival and reception of Sir John
Chanallet the High Commissioner - they made
him a very nice Reception. Tomorrow we are
going for two weeks to Cairo, and Mihad and Grand
mother are staying, Mihad is not at all angry to stay
but very happy, because he is going to be the master
of the house since our absence.

Every body here is quiet well, sending you their
very best love, and to you and your sweet wife
and I also send my best love, and many kisses
to dear Lisa.

Yours always sincerely
Pahido
